

Finance: The Basics (Paperback)

By Erik Banks

Taylor & Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. 3rd New edition. Language: English. Brand new Book. Now in its third edition, Finance: The Basics is a clear and practical introduction to the world of finance. It thoroughly explains essential financial statements, tools and concepts; fundamental financial instruments and transactions; and global financial participants, markets and systems. This fully revised third edition captures the most important aspects of a changing financial landscape, including: * Updates on key areas of the financial system, including default experience, corporate finance trends, growth in dark pools, hedge funds, foreign exchange and derivatives, and changes to the international regulatory and central banking framework. * Further real-world examples/studies that introduce, or expand upon, a range of practical topics; 12 updated studies are supplemented by new cases related to reinsurance, central bank quantitative easing and digital currency and payments. * A comprehensive glossary containing key terms discussed in the book. Each chapter is accompanied by an overview and summary, illustrations and tables, real life case studies, and recommended readings. Finance: The Basics is essential reading for anyone interested in the fascinating world of finance.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- Felicia Nikolaus

These sorts of ebook is the ideal book offered. It can be writter in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.

-- Mr. Alejandrin Murphy PhD
